EXCERPTS FROM MINUTES OF 26th MEETING OF STANCICC

Revision of ANCIB-ANCICC Organizational Bulletin No. 1 to Include State Department Participation (Section III, Item 6):

Following a discussion as to the proper means of indicating the authority for the extension of ANCIB-ANCICC to include State Department participation, it was agreed that the inclusion of the memoranda to this effect approved by General Eisenhower and Admiral King, and the memorandum from Mr. McCormack accepting membership would be sufficient. STANCICC directed that the Secretariat should proceed to rewrite the Organizational Bulletin on this basis, referring any questions regarding State Department participation directly to Mr. McCormack.
